

STI International

Aalborg, Denmark December 21.th.2006

To my friends at STI,
I'm extremely happy to announce, that I just received my order of STI Tacticals ordered by the Danish Army for our Special Forces.

I was told, that this order is the biggest in the history of STI so far, and I am proud and honored to be part of STI history along with all of you.

I really appreciate the way you by joined effort, with hard work, dedication and lots of hours, made the hopeless deadline quoted us by the Danish Army. I'm sure you at one point or another shared my doubts of getting all 180 Tacticals and alternate tops done in time for shipping and I'm positive you shared my excitement, when the shipment left your dock in Georgetown last week.

I'm delivering the guns to the Army purchasing department on Friday December 22. as scheduled, and the guns are then issued our Special Forces in the first week of January.

Our Special Forces are fighting along side of American troupes as part of the coalition in Afghanistan and Iraq, and I'm proud that we together have brought our troops a reliable, accurate and safe side arm to help keep them safe in the hostile part of the world, in which they operate.

This order was a milestone for TopGuns, and I feel more privileged and proud than ever before to be a part of the STI family, and to represent your interests in the Scandinavian market.

I'm sure this is just a small step in our future path together!

I'll close for now wishing you all a Merry Christmas and a Happy New Year!

Kind regards
TopGuns ApS
